

Dr. Flabberjacks Instrumental emporium

BEFORE

WITH  magic leap

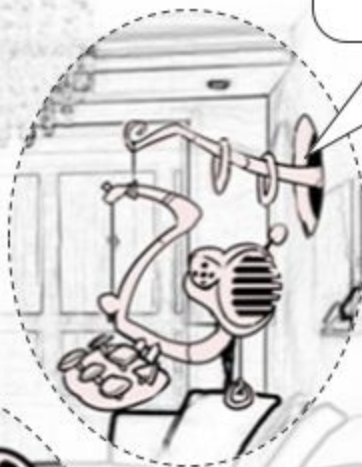

**Enter the laboratory of Dr. Flabberjack's
Instrumental Emporium!**

**Dozens of Machines appear as
you explore the environment!**

**Musical contraptions appear
from any surface!**

**Touch, hit, and push to interact
with whimsical musical machines!**

Transform any room into a whimsical music studio

- What if Dr. Seuss made musical instruments?
- What would those instruments look like, or sound like?
- How would you play them?
- What if every surface in your home could come to life?

THE EXPERIENCE

- Surfaces magically transform, revealing fantastic instruments.
- Interacting with them creates totally unexpected musical experiences
- Explore what every button, knob, crank, lever, and more has to offer
- Endless experimentation, Move and organise the instruments however you like.
 - Create and record you own comical masterpieces.

MILESTONES

Timeline: 6 Months

- **M1 Alpha: Pre-production on 20 musical contraptions. First Playable**
- **M2 Beta: All musical implemented with emergent animations for walls, floors and interactions. All sounds**
- **M3 Release: All 20 musical machines and all SFX + Animations and textures for final instruments**
- **Future: Multitrack recording machine, multiuser experience**
